

EXAMINATION DISPOSABLE GLOVES

POLYCO- HPC NITRILE BLUE

Blue nitrile powder free 9 newton disposable gloves

COLOR: ●

CARTON QUANTITY:
100 gloves per dispenser/
10 dispensers per case

CODE: GN99
SIZE: S-XL

COMFORT: Flexible material: for improved feel and fit reducing fatigue during extended wear. Latex free: reducing the risk of hypersensitivity and allergic reactions.

STRENGTH: offers better puncture, tear and abrasion resistance than natural rubber or vinyl. Rolled Cuff provides additional strength, easier donning and prevention of liquid roll back. Powder free: reduces the risk of dust contamination. Versatile: Thicker than a standard disposable, it offers the choice of use as a heavy duty disposable glove or a lightweight re-usable glove.

TYPICALLY USE FOR: Automotive, Construction & Utility, Engineering and Manufacturing, Food Manufacturing and Prep, Janitorial, Medical, Vet, Dental, Pharmaceutical, Oil and Gas, Warehousing, Transport and Logistics, Waste Management and Local authority.

POLYCO NITRILE BLUE

Blue niitrile powder disposable gloves

COLOR: ●

CARTON QUANTITY:
200 gloves per dispenser/
10 dispensers per case

CODE: GN91
SIZE: XS-XL

COMFORT: Flexible material: for improved feel and fit reducing fatigue during extended wear. Latex free: reducing the risk of hypersensitivity and allergic reactions.

STRENGTH: offers better puncture, tear and abrasion resistance than natural rubber or vinyl. Rolled Cuff provides additional strength, easier donning and prevention of liquid roll back. Powder free: reduces the risk of dust contamination. Textured finish: for improved grip.

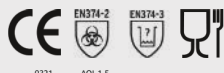

TYPICALLY USE FOR: Automotive, Construction & Utility, Engineering and Manufacturing, Food Manufacturing and Prep, Janitorial, Medical, Vet, Dental, Pharmaceutical, Oil and Gas, Warehousing,Transport and Logistics, Waste Management and Local authority.

● Examination Disposable Gloves

POLYCO FINETE ORANGE HD

Nitrile powder free
disposable gloves

0321 AQL:1.5

COLOR: 

CARTON QUANTITY:
10 packs per carton

SIZE (CODE):
8 (GL2002),
10 (GL2005)

VERSATILE: thicker than a standard disposable, it offers the choice of use as a heavy duty disposable glove or a lightweight re-usable glove

GRIP PATTERN: features a diamond grip pattern over the entire glove which optimises surface performance and ensures an exceptional grip

TYPICALLY USE FOR: automotive engineering, automotive maintenance and repair, care home work, chemical handling, cleaning and janitorial

Examination Disposable Gloves ●

POLYCO FINITE® GREEN

Nitrile, powder free
and disposable gloves

COLOR: ●

CARTON QUANTITY:
10 packs per carton

SIZE (CODE):
24cm

6.5 (FNG100/01),
7.5 (FNG100/02),
8.5 (FNG100/03),
9.5 (FNG100/04)

DESCRIPTION: synthetic rubber offers better puncture and abrasion resistance than natural rubber or vinyl. Textured fingertips for improved grip. No latex proteins - eliminates protein sensitisation.

TYPICALLY USE FOR: food processing, laboratory work, electronics, general assembly automotive maintenance & repair

ROMED NITRILE PURPLE PF

Nitrile Examination
gloves powder free

COLOR: ●

CARTON QUANTITY:
10 packs per carton

SIZE (CODE):
S (NTP800), M (NTP805),
L (NTP810), XL (NTP815)

DESCRIPTION: romed nitrile examination gloves, non sterile, powderfree, extra safe, purple color

● Examination Disposable Gloves

VERSATILE: thicker than a standard disposable, it offers the choice of use as a heavy duty disposable glove or a lightweight re-usable glove

STRENGTH: Superior strength nitrile formulation provides exceptional resistance to tears and punctures even in the environments toughest

TYPICALLY USE FOR: automotive engineering, automotive maintenance and repair, care home work, chemical handling, cleaning and janitorial, engineering work, laboratory work, manufacturing and assembly, pharmaceutical duties, site cleaning

POLYCO FINITE BLACK

Finite® Black
Nitrile powder free
disposable glove

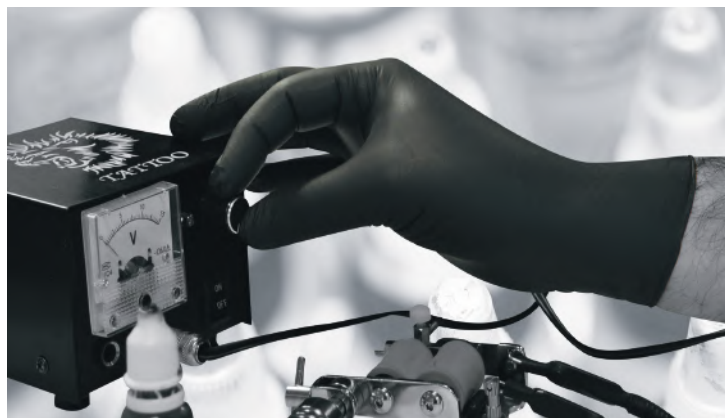

COLOR: ●

CARTON QUANTITY:
10 packs per carton

SIZE (CODE):

7 (GL1001),
8 (GL1002),
9 (GL1003),
10 (GL1005)

DESCRIPTION: nitrile disposable glove, that offers good mechanical resistance. It is extremely soft with increased elasticity and an improved feel, yet it still maintains a tensile strength. With textured fingertips to provide increased grip, with maximum sensitivity, dexterity and comfort.

TYPICALLY USE FOR: pharmaceutical duties, electronics, inspection, local authority work, hospital & clinical duties, tattooist work, automotive maintenance & repair

POLYCO GL897 BLACK NITRILE™

Powder free

COLOR: ●

CARTON QUANTITY:
10 packs per box

SIZE (CODE):

S (GL8971), M (GL8972),
L (GL8973), XL (GL8975)

**HYGOSTAR
GLOVES HIGH
RISK**

Powderfree gloves (PF)

CE 0465	EN 374 1	EN 374 2	EN 420		

COLOR: ●

SIZE (CODE):

S (25036), M (25035),
L (25034), XL (25033)

CARTON QUANTITY:

packs per carton

DESCRIPTION: The glove HIGH RISK is made of extra strong natural latex, which makes it extremely tear-resistant. Despite its thickness of 0.25 mm, it has a very good fit and a very good tactile sensation. The glove HIGH RISK has a rolled edge and a roughened surface, which makes it extremely secure.

This glove is chlorinated on the inside and outside. On the inside, this coating reduces the risk of allergies. On the outside, it increases the chemical and mechanical resistance.

The HIGH RISK glove ensures safe protection against greases, oils, solvents, chemicals and also mechanical risks.

**NITRILE
GLOVES SUPER
HIGH RISK**

ROMED VINYL EXAMINATION

Powderfree gloves (PF)

COLOR: ○

CARTON QUANTITY: 10 packs per carton

ROMED LATEX EXAMINATION

Powderfree gloves (PF)

DESCRIPTION: Latex examination gloves, non sterile, powder free, per 100pcs in a dispenser box.

SIZE (CODE):
341, 346, 351, 356

ROMED LATEX EXAMINATION

Powdered gloves

DESCRIPTION: Latex examination gloves, non sterile, prepowdered, per 100pcs in a dispenser box.

SIZE (CODE):
340, 345, 350, 355

DESCRIPTION: romed polyethylene gloves, non sterile, powderfree reducing the risk of product contamination. Easily dispensed from a pack. Textured surface improves grip

TYPICALLY USED FOR: food processing, hospital and clinical duties, care home work, painting and decorating, cleaning and janitorial

ROMED 65/65

Polythene gloves

COLOR: ○

CARTON QUANTITY: 100 packs per carton

SIZE (CODE):
1 (65/65)

Examination Disposable Gloves ●

DESCRIPTION: powderfree reducing the risk of product contamination. Easily dispensed from a pack. Textured surface improves grip

TYPICALLY USED FOR: food processing, hospital and clinical duties, care home work, painting and decorating, cleaning and janitorial

POLYCO DIGIT

Clear polythene powderfree disposable gloves

COLOR: 

CARTON QUANTITY:
100 packs per carton

SIZE (CODE):
8 (PE100/02) ,
9 (PE100/03)

● Examination Disposable Gloves

**ROMED - HYGO
VETERINARY**

COLOR:    

DESCRIPTION: romed veterinary gloves

CARTON QUANTITY:
20 packs per carton

SIZE (CODE):
1 (VG-1000)

HOT & COLD GLOVES

HYGOSTAR HEAT PROTECTION GLOVE COOLMAN

COLOR: 

CODE:
33180

DESCRIPTION:

Cowhide full leather with cuff of 15 cm, grey. Protects the forearm, very hard wearing. Excellent heat protection up to 350°C. Perfect fit for exact and good handling

HYGOSTAR HEAT PROTECTION & GUT RESISTANT “CUT HOT”

COLOR: 

CODE:
336400

DESCRIPTION: The cut protection glove consists of a cut-resistant special fiber. The material has a reliable heat protection against temperatures up to 500 ° C. Thanks to the anti-slip stripes on both sides, the glove has excellent slip resistance. The glove is machine washable and can be worn on both sides.

● Hot & Cold Gloves

POLYCO HOT GLOVES

Double layered glove with nitrile grip coating

COLOR:

CARTON QUANTITY:
12 pairs per box

SIZE (CODE):
9 (9011)

HEAT RESISTANT: tested to Level 2 (up to 250°C) for contact heat according to EN407

PROTECTION: double layered cotton for extra protection and durability

TYPICALLY USE FOR: bakery work, food manufacturing, oven, applications, pressings, mouldings

POLYCO HOT GLOVE PLUS

Heavy duty terry cloth gauntlet with integral liquid and steam barrier

COLOR:

CARTON QUANTITY:
10 pairs per box

SIZE (CODE):
XXL (9022),
XXXL (9023)

HEAT RESISTANT: tested to Level 2 (up to 250°C) for contact heat according to EN407

RESISTS LIQUID/STEAM: integral PVC barrier provides effective protection from liquid and steam

PROTECTION: heavy weight terry cotton outer shell offers good mechanical protection. Extra length provides protection to the lower arm

TYPICALLY USED FOR: bakery work, food manufacturing, confectionery manufacturing, autoclave

DESCRIPTION: provides insulation against the cold seamless construction will not irritate hands. Thermal yarn provides a close fit and excellent dexterity. Can be worn on either hand increasing the life of the glove and reducing costs ideal for use as an insulated liner under other Polyco products PVC dot coated palm for added grip added grip

TYPICALLY USE FOR: food retailing, outdoor work, retail stock replenishment, thermal under glove

POLYCO THERMIT

Thermal knitted liner

For Minimal Risk Only

COLOR: ●

CARTON QUANTITY:
120 pairs per box

SIZE (CODE):
7 (7800GP (grip), 7800),
9 (7802GP (grip), 7802)

DESCRIPTION: polycotton (natural product) perfect underneath glove (for instance underneath a puncture protective glove) washable up to 60°C, hand made

COTTON GLOVES NATURE

Polycotton (natural product)

COLOR: ○

CARTON QUANTITY:
600 pairs per case

SIZE (CODE):
S (27269), M (27259),
L (27249), XL (27239)

● Hot & Cold Gloves

POLYCO FREEZEMASTER II

COLOR: 

CARTON QUANTITY:
10 pairs per box

SIZE (CODE):
7 (FM2/07), 8 (FM2/08),
9 (FM2/09), 10 (FM2/10),
11 (FM2/11)

DESCRIPTION: made from premium quality leather which is soft, resilient and provides excellent grip

COMFORT: spandex on the back of the hand allows for total flexibility in hand movement

LINING: fleecy lining and waterproof membrane keeps hands warm and dry in cold conditions

TYPICALLY USED FOR: cold store duties, food packaging, warehouse work

POLYCO FREEZEMASTER ULTRA

Leather and neoprene insulated gauntlet with inner waterproof membrane

COLOR: 

CARTON QUANTITY:
10 pairs per box

SIZE (CODE):
7 (FMU/07), 8 (FMU/08),
9 (FMU/09), 10 (FMU/10)

DESCRIPTION: unique composition of leather and Neoprene® offers breathable thermal insulation from extreme temperatures as low as -30°C

WATERPROOF: internal waterproof Hipora® membrane ensures that hands stay dry in wet working environments

GAUNTLET STYLE: 35cm gauntlet delivers full protection to the forearm

TYPICALLY USED FOR: freezer, cold chilled storage, handling, frozen food processing, frozen goods delivery

● Chemical Resistant Gloves

POLYCO DUO PLUS60

Double dipped latex glove-flock lined

COLOR: ●

CARTON QUANTITY:
48 pairs per box

SIZE (CODE):
7 (RU560/07),
8 (RU560/08),
9 (RU560/09),
10 (RU560/10)

DESCRIPTION: double dipped latex provides added protection

COMFORT: anatomically shaped ensuring comfort and reducing hand fatigue

TYPICALLY USE FOR: domestic cleaning, janitorial and hygiene, manufacturing, assembly and catering work

POLYCO JET

Heavy duty natural rubber glove-flock lined

COLOR: ●

CARTON QUANTITY:
48 pairs per box

SIZE (CODE):
8 – 8,5 (526),
9 – 9,5 (527)

DESCRIPTION: a heavyweight glove that will stand up to repeated knocks, rubbing and scuffing. Treated to harden the surface of the glove leaving it smooth to the touch. Slip resistant pattern on palm enhanced grip

TYPICALLY USED FOR: general handling, fishing, building, local authority work, plant maintenance, agricultural work, alcoholic and fatty foods – short terms repeat contact

Chemical Resistant Gloves ●

DESCRIPTION: provides protection from many aliphatic solvents, oils, fats and greases

EXTRA LONG: 45cm in length for added protection to the forearm

TYPICALLY USED FOR: printing, cleaning and janitorial, chemical handling, automotive maintenance and repair

POLYCO N-DURA 45

Nitrile synthetic rubber glove

COLOR: ●

CARTON QUANTITY:
40 pairs per box

SIZE (CODE):
8 (ND45/08),
9 (ND45/09),
10 (ND45/10)

DESCRIPTION: offers very good abrasion and puncture resistance, and protection against a wide range of chemicals including strong detergents, oils and certain solvents

FLOCK LINED: soft cotton flock lining eases wear and removal and absorbs perspiration keeping hands cool and comfortable with 0.40mm thickness

TYPICALLY USED FOR: automotive manufacturing, cables and couplings, can and bottle handling, press works, steel handling, glass handling, glazing

POLYCO NITRI – TECH III

Nitrile synthetic rubber gloves

COLOR: ●

CARTON QUANTITY:
48 pairs per box

SIZE (CODE):
7 (944/7), 8 (945/8),
9 (946/9), 10 (947/10)

● Chemical Resistant Gloves

POLYCO SWIFT HOUSEHOLD

Light weight natural
rubber gloves

COLOR: ● ●

CARTON QUANTITY:

144 pairs per box

SIZE (CODE):

6-6,5 (yellow:S04,
blue:S404),

7-7,5 (yellow:S05,
blue:S405),

9-9,5 (yellow:S06,
blue:S406),

10-10,5 (yellow:S07,
blue:S407)

DESCRIPTION: provides good protection against a wide range of chemicals. Soft flock lining absorbs perspiration and keeps hands dry, cool and comfortable. FOOD APPROVED

TYPICALLY USE FOR: cleaning and janitorial, kitchen work, general handling, local authority work

POLYCO TASKMASTER

COLOR: ●

CARTON QUANTITY:

48 pairs per box

SIZE (CODE):

8 (8502), 9 (8503),
10 (8504), 11 (85025)

DESCRIPTION: roughened surface on the hand for safer handling of both wet and dry objects

GAUNTLET: provides liquid proof protection

THERMAL INSULATION: good insulation against heat and cold

TYPICALLY USED FOR: janitorial and hygiene, construction local authority work, waste management, food manufacturing and preparation, chemical manufacture and use

● Cut Resistant Gloves

POLYCO BLADESHADES

Seamless knitted
high cut resistant
glove with Dyneema
technology

COLOR: ●

CARTON QUANTITY:
12 pieces per box

SIZE (CODE):
7 (BSB/07), 8 (BSB/08),
9 (BSB/09), 10 (BSB/10),
11 (BSB/11)

DESCRIPTION: high cut resistant yarn with
Dyneema® technology

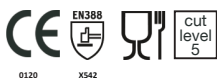

CUT RESISTANT: innovative fibre achieves maximum
EN388 cut resistance - level 5

FOOD APPROVED: food contact approved

TYPICALLY USED FOR: fruit processing, vegetable
preparation, meat and fish filleting

POLYCO METALLICA

Seamless ultra
resistant glove

COLOR: ●

CARTON QUANTITY:
1 glove with thermit liner

SIZE (CODE):
9 (6582),
10 (6583),
11 (6584)

DESCRIPTION: provide ultracut resistance. Unique
Metallic yarn and knitting construction delivers
ultimate cut resistance. Can be worn on either hand,
extending the life of the glove

FLEXIBLE CONSTRUCTION & COMFORT: ideal
replacement for heavy, inflexible chainmail gloves in
many applications. Exceptional levels of comfort and
dexterity

TYPICALLY USE FOR: industrial blade replacement,
police and defence work, foam cutting, cloth cutting,
butchery and food processing, glass handling

● Cut Resistant Gloves

POLYCO DYFLEX® PLUS N

Lighweight high cut resistant glove wit foamed nitrile coating and thumb crotch reinforcement

COLOR: ●

CARTON QUANTITY:
40 pairs per box

SIZE (CODE):
9 (DPN/09),
10 (DPN/10)

DESCRIPTION: the remarkably lightweight liner provides maximum levels of cut, abrasion and tear resistance providing superb mechanical protection

REINFORCED CROTCH: flat nitrile reinforcement between the thumb and forefinger offers additional protection in an area that is highly susceptible to wear and tear

GRIP: foamed nitrile palm coating channels oils and liquids away from the surface of the glove to optimise grip and allow safe handling at all times

TYPICALLY USE FOR: automotive engineering manufacturing maintenance and repair, carpentry, ceramic handling, construction work, cutting processing, engineering work, foam cutting, general maintenance work, glass handling, metal fabrication etc.

General Handling Gloves ●

DESCRIPTION: utilises two layers of nitrile coating to provide ultimate abrasion protection and gripping ability. The first layer, which is a full coating is soft and resilient allowing for excellent dexterity. The second layer, which is a palm coating, is infused with microfoam bubbles increasing resistance to oils and maximising grip in wet and oily conditions

TYPICALLY USED FOR: component handling, general assembly, electronics, light engineering, automotive engineering, medium and heavy oil operations

POLYCO GRIP IT® OIL

Seamless knitted nylon liner with dual nitrile coating

COLOR: ●

CARTON QUANTITY:
60 pairs per box

SIZE (CODE):
9 (GIO/09),
10 (GIO/10)

DESCRIPTION: heavyweight nitrile coating for excellent abrasion resistance, cotton interlock support liner for comfort. Provides a good grip in both wet and dry conditions. Knitted wrist for a secure fit.

TYPICALLY USED FOR: metal processings, fabrication, rough castings, fettling, materials handling, cables and couplings, heavy gauge sheet metal

POLYCO MATRIX GH113

Cotton interlok liner with heavy duty full nitrile coating

COLOR: ●

CARTON QUANTITY:
144 pairs per box

SIZE (CODE):
9 (GH11309),
10 (GH11310)

● General Handling Gloves

POLYCO NITRON

Heavy duty nitrile coated glove with cotton jersey liner

COLOR: ●

CARTON QUANTITY:

48 pieces per box

SIZE (CODE):

9 (9602),
10 (9603)

DESCRIPTION: nitrile coating provides excellent resistance to abrasion and is ideal for handling rough objects. Offers good protection against oil and grease. The anatomical shape and soft jersey liner ensure in-use comfort

TYPICALLY USED FOR: metal pressing, fabrications, rough castings, fetting, building materials, refuse collection, cable and couplings, heavy gauge sheet metal

POLYCO NITRON FLEX

Light duty nitrile coated glove with cotton interlock liner

COLOR: ●

CARTON QUANTITY:

48 pairs per box

SIZE (CODE):

9 (9432),
10 (9433)

DESCRIPTION: combines the comfort of natural cotton with the protection of nitrile. Lightweight nitrile coating offers excellent flexibility and dexterity

TYPICALLY USE FOR: general maintenance work, assembling parts and components, light metal fabrication, warehouse work, shipping and receiving

General Handling Gloves ●

DESCRIPTION: the three-quarter nitrile coating is flexible and offers maximum grip in wet and oily conditions seamless knitted thermal lining is exceptional comfortable and keeps hands warm in cold conditions

TYPICALLY USED FOR: construction work, wet working, general maintenance, warehouse work, outdoor work, automotive maintenance and repair

POLYCO REFLEX® VISCO

High visibility thermal lined nitrile coated glove

COLOR: ●

CARTON QUANTITY:
120 pairs per box

SIZE (CODE):
9 (RVC/09),
10 (RVC/10)

DESCRIPTION: combines the comfort of natural cotton with the protection of nitrile. Lightweight nitrile three - quarter coating offers excellent flexibility and dexterity

GRIP & DURABILITY: textured surface provides a slip-resistant grip. Achieves maximum EN388 score for abrasion resistance

TYPICALLY USED FOR: general maintenance work, assembling parts and components, light metal fabrications, warehouse work, fetting and grinding

POLYCO NITRON LITE

Light duty nitrile coated glove with cotton interlock liner

COLOR: ●

CARTON QUANTITY:
48 pairs per box

SIZE (CODE):
9 (9312),
10 (9313)
